.....

YOUR FIELD: We provide professional construction cost consulting services nationwide to a variety of clients. Our services include cost estimating, feasibility studies, scheduling, parametric estimating, constructability

reviews, expert witness testimony, budget reconciliation, change order analysis and life-cycle cost analysis.

RECESSION STRATEGY: I believe that during a recession, our services are needed more than ever. Money is tighter all around and owners want to know what they can get for their money. We help to keep the budgets on track so the owner can get more bang for their buck.

STRESSBUSTERS: To alleviate stress I keep my faith in God, stay active in my hobbies and try to vacation with my children as often as I can manage.
